Architecting Project Management

what more is possible...

27th to 29th September 2007, Bangalore, India

**EARN
20 PDUs**

Making Project Management Indispensable for Business Results[®]

Architecting Project Management

what more is possible...

PMPC 2007

To take forward the successful momentum of **PMPC 2006, Project Management Institute, Bangalore Chapter, one of the fastest growing chapters in Asia Pacific** along with its collaborating partners across industry domains brings to you one of the largest **Project Management Event**, designed to deliver an innovative value suite.

PMI Bangalore Chapter's ongoing activities symbolizes the quest for learning and sharing. **Project Management Practitioners' Conference** is the high point of the chapter's activities for the year **2007**.

Driven by Passion to co-create value and set new benchmarks for **what more is possible...**, this conference is more than an event. An eye-opener for the participants to the immense possibilities and potential of Project Management.

PMPC 2007 emulates the best practices of PMI Global Conference by bringing together Keynote Speakers, Panelists and Practitioners who would touch upon exciting topics and focus areas during the conference.

PMPC 2007 intends to be the confluence of Project Management Practitioners from various industry / sector to interact and realize the value of Project Management in the enterprise.

ABOUT THE PROJECT MANAGEMENT INSTITUTE

The **Project Management Institute (PMI)** was established in 1969 and headquartered outside Philadelphia. The **Project Management Institute (PMI)** is the world's leading not-for-profit project management professional association. Currently, **PMI** supports over 200,000 members representing 125 countries worldwide. **PMI** has over 200 chapters worldwide.

PMI members are individuals practicing and studying project management in many different industry areas, including aerospace, automotive, business management, construction, engineering, financial services, information technology, pharmaceuticals and telecommunications.

Over time, **PMI** has become, and continues to be, the leading professional association in project management. More information is available at the organization's Web site, <http://www.pmi.org>.

ABOUT THE BANGALORE CHAPTER

The **Bangalore Chapter of PMI** was founded in 1998 and has grown to over 2000 members in past 9 years.

Regular meetings, programs, and workshops of the chapter are generally published on our web site.
